

St. Nicholas College

College 7

Half-Yearly Examinations - February 2008

YEAR 4

MATHEMATICS

TIME: 1h 15 min

NAME: _____

CLASS: _____

1. Work out the following:

		Answer
a	$26 + 4$	
b	$54 - 9$	
c	$400 + 70 + 6$	
d	<input type="text"/> + 5 = 30	
e	$\frac{1}{4}$ of 48	
f	What is half of 84?	
g	Write the double of 45.	
h	What is the value of 3 in 237?	
i	How many sides are there in an octagon?	
j	What is 100 more than 384?	
k	What is 1 less than 500?	
l	Give the total of 55 and 35.	

2a) Mark with a ☒ the letters that have one line of symmetry.

b) Draw lines of symmetry for these shapes.

3. Fill in using these number cards.

467

321

598

843

a) The number that has 4 in the tens position. _____

b) The number that has 3 in the hundreds position. _____

c) The number which is 100 less than 567. _____

d) The number which is an even number. _____

4. What fraction of the shape is shaded?

a)

b) Shade $\frac{1}{4}$ of the shape.

5. What will the time be 10 minutes later?

11:15

8:05

10:35

12:00

6. Complete from the list of solid shapes. The first one is done for you.

cube	cylinder	sphere	cone
------	----------	--------	------

- a) 6 rectangular faces and 8 vertices. cuboid
- b) only 1 curved face and no vertices _____
- c) 2 circular faces, 1 curved face. _____
- d) 1 circular face, 1 curved face, 1 vertex. _____
- e) 6 equal faces. _____

7. Match each object with its proper unit of length.

- | | | |
|-------------------------------------|--------------------------|------------------|
| (a) man | <input type="text"/> | centimetres (cm) |
| (b) school corridor | <input type="text"/> | millimetres (mm) |
| (c) pencil | <input type="text"/> | kilometres (km) |
| (d) thickness of glass | <input type="text"/> | metres (m) |
| (e) distance from Mosta to Valletta | (a) <input type="text"/> | metres (m) |

8. Match these times:

- | | | |
|----------------------------|--------------------------|-------|
| (a) 9 o'clock | <input type="text"/> | 12:05 |
| (b) half past 4 | <input type="text"/> | 11:55 |
| (c) quarter to 6 | (a) <input type="text"/> | 9:00 |
| (d) five minutes to noon | <input type="text"/> | 5:45 |
| (e) five minutes past noon | <input type="text"/> | 4:30 |

9. Complete these number paths:

- a) 503, 502, 501, _____, _____, 498
- b) 215, 225, 235, _____, _____, 265
- c) 368, 468, 568, _____, _____, 868

10. Fill in:

1 less _____	Number 400	1 more _____
10 less _____	Number 864	10 more _____
100 less _____	Number 678	100 more _____

11a) Mark with a ☒ the two containers that hold less than 2 litres.

500 ml

2500 ml

1800 ml

5000 ml

- 11b) The big bottle holds 2 litres of water and the small bottle holds 500ml of water.
How many small bottles can I fill from the big bottle?

500 ml

2 litres

_____ small bottles

12. Katia has 24 grapes. She eats $\frac{1}{4}$ of them. How many grapes does she eat?

_____ grapes

- 13a) Mark goes to a book sale. All the books are on half price. Can you help Mark work out the new or original price? Fill in.

ORIGINAL PRICE OF BOOKS	SALE PRICE OF BOOKS
€2.50	_____
_____	€0.75
€1.60	_____
_____	€0.43

- b) If Mark buys a book for €1.75, how much change does he get from a €5 note?

Answer: _____

- b) If Mark buys a book for €1.75, how much change does he get from a €5 note?

Answer: _____

14.

school

bus stop

swings

house

butcher

church

Write the direction from:

- a) the house to the bus stop _____
- b) the swings to the house _____
- c) the church to the butcher _____
- d) the swings to the butcher _____
- e) the swings to the school _____
- f) the butcher to the church _____

15. Mum needs 2metres 50cm of material to make a dress and 1metre 60cm to make a pair of trousers. How much material does mum need in all?

_____ metres

16. The children in a class make a survey of how many pets they have.

dog	     
cat	    
tortoise	 
bird	   
rabbit	  

<u>Key</u>	
	= 2 pets
	= 1 pet

a) Which pet is:

(i) the most popular? _____

(ii) the least popular? _____

b) How many children have:

dogs? _____ cats? _____ tortoises? _____ birds? _____

c) How many pets have the children altogether?

_____ pets

END OF PAPER

Mark Scheme:

No. 1 (a - i): 2 x 12 = 24 marks

Nos. 2 - 8 : 4 x 7 = 28 marks

Nos. 9 - 16 : 6 x 8 = 48 marks

Total : _____ 100 marks
